captain! we received an order to stop immediately !!!!
They said if we don't follow their order, we are going to be attacked!
er...
oh yeah, who would dare to say so?

hm
you
think
they
would
stop
or not
?

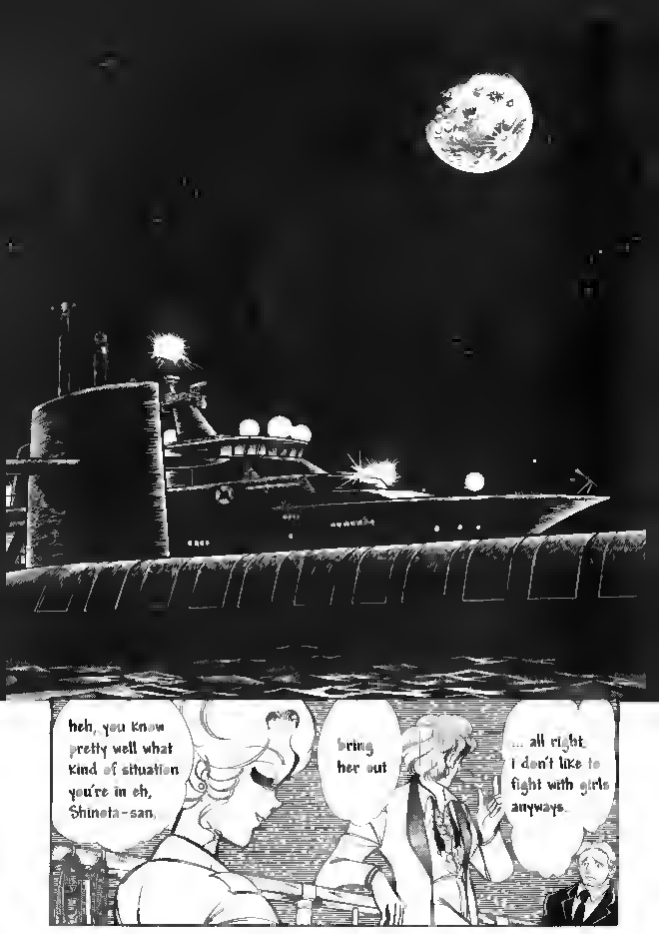
Fortune 001

The strike of apollo

yes ma'am
captain, surface the ship

Hello Shinota-san, nice to meet you
ah
nice luxury yacht
so what now, we got a show or something?

pfft those damn UA officials
Letting a girl handle a US NAVY sub thinking that would bring about less conflict eh?
heh very funny
anyway, I came here to tell you that
The daughter of the CEO of the Bahamas Oil Co should be on your yacht Please hand her over to us now
what if i dont ?
heh look behind you sir

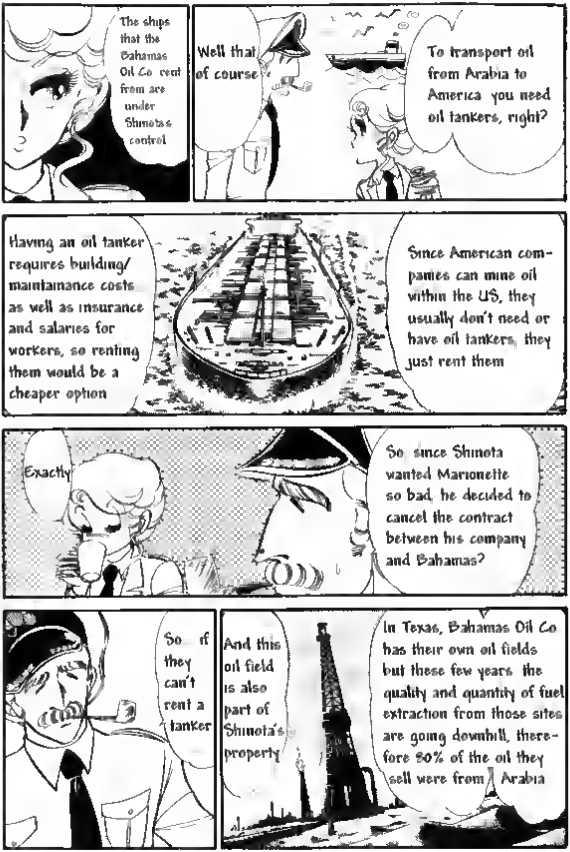


heh, you know pretty well what kind of situation you're in eh, Shinota-san.
bring her out
... all right. I don't like to fight with girls anyways.

K
Sylvie take her on board
so you are marionette ?
I'm Cleo-patra
cleo
Cleopatra is fine, Shinota-San
So Cleopatra Can I know your full name?
Do not misinterpret that this case is over
You should know me. Apollo of the Middle East Oil Industries
Au Revoir, Monsieur
I'd say it's better to end like this

Who the hell is that girl? Give me a detailed report in full!
Boss
Oh
It means GoodBye
What does that mean ?
Au revoir
include that on the search it may prove useful
got it
hm a black blonde

Captain!
So what is this all about?
This all started when Shinota the man on that yacht met Marionette the daughter of the Oil Company's CEO...
Back then, Marionette already loved someone else...
hmh, a love-triangle... happens all time - it's normal.
If it's that simple, then I wouldn't be here...
That bastard never lets go of something he wants until he gets it, so right after he found out that she's the CEO's daughter, he put a lot of pressure on the Bahamas Oil Co.
Well, What CAN Shinota do?



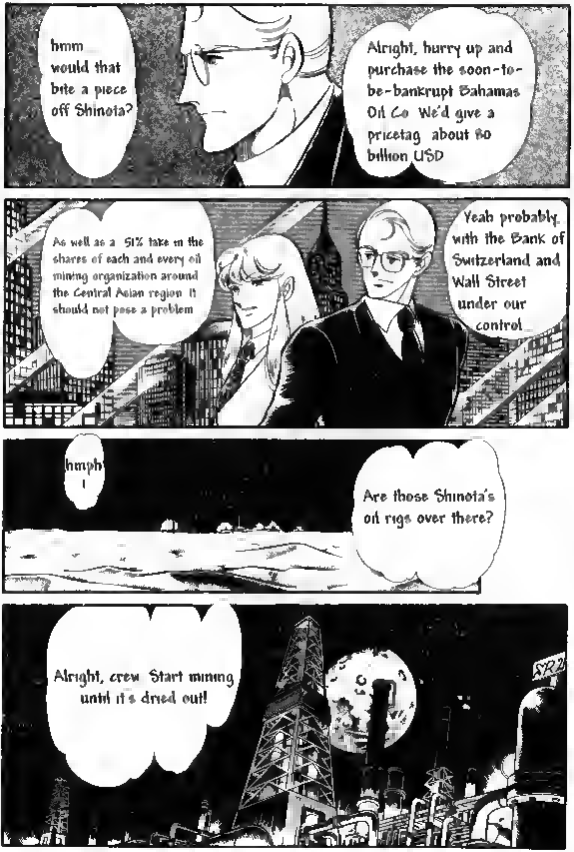
The ships that the Bahamas Oil Co rent from are under Shimota's control
Well that of course
To transport oil from Arabia to America you need oil tankers, right?
Having an oil tanker requires building/ maintanance costs as well as insurance and salaries for workers, so renting them would be a cheaper option
Since American companies can mine oil within the US, they usually don't need or have oil tankers, they just rent them
Exactly
So since Shimota wanted Marionette so bad, he decided to cancel the contract between his company and Bahamas?
So if they can't rent a tanker
And this oil field is also part of Shimota's property
In Texas, Bahamas Oil Co has their own oil fields but these few years the quality and quantity of fuel extraction from those sites are going downhill, therefore 80% of the oil they sell were from Arabia

Then... bringing Marionette aboard our submarine would mean
They won't be able to compete with any company in the market at all
They will go bankrupt
Marionette's father exchanged his company's future for his daughter's safety...
Dad...
That's if he's not married
But that Shinota is quite a wealthy and well known guy for his oil tanker company in Arabia not to mention he's pretty good looking too It shouldn't be too bad being a son-in-law right?

If it's truely sincere from the heart, a glass ring can be as beautiful as a diamond ring...
What women care for isn't the size of the jewel, but rather the depth of the love
Who would've wanted to be the wife of that kinda guy?
Who can stand being a mistress?!
Women
Indeed...
Getting a woman with such dirty ways, thats so %^*$ing cheap!

Natsuki-san, aren't Japanese very "strong-willed" ?
*&%$@! I want water, not oil!
But we do have oil down there!
I'm a native of Tokyo lack of "strongwill" is within my genes we're fragile! you #$$
Bullshit those are Chinese!
—pfft
Why would Cleo want ME to come to such a place?

I've just received a phone call from Cleo - They've retrieved Marionette from Shinota's yacht...
And also that Shinota has already canceled the contract between his rental company and Bahamas
Let's cheers for Natsuki-san in Arabia!
There's nothing but the sun and some heavily-armed fighers
Yeah - his troops are ready to strike and that he wants to get back here as soon as the mission ends
Did Natsuki say anything ?
Grr, I'm gonna turn into an arabian-style fried porkchop soon!



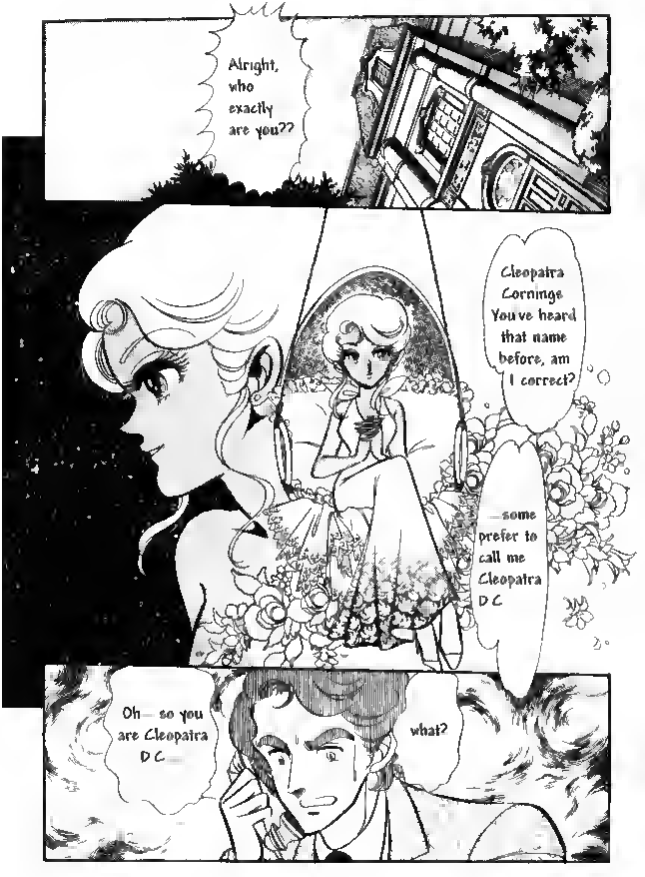
hmm
would that bite a piece off Shinota?
Alright, hurry up and purchase the soon-to-be-bankrupt Bahamas Oil Co We'd give a pricetag about 80 billion USD
As well as a 51% take in the shares of each and every oil mining organization around the Central Asian region it should not pose a problem
Yeah probably, with the Bank of Switzerland and Wall Street under our control
hmph
Are those Shinota's oil rigs over there?
Alright, crew Start mining until it's dried out!
SRR

um, Chief, there is a Miss Cleo-patra calling
Hahaha my dear Miss Cleopatra so what has happened to your justicism? Didn't it caused a company to go bankrupt?
I've decided and already cancelled the contract between the Oil Company and my Tanker Company MUHUHAHAHA
Damn bitch HAHA, How's it feel? Feeling guilty over your foolish actions woman?!

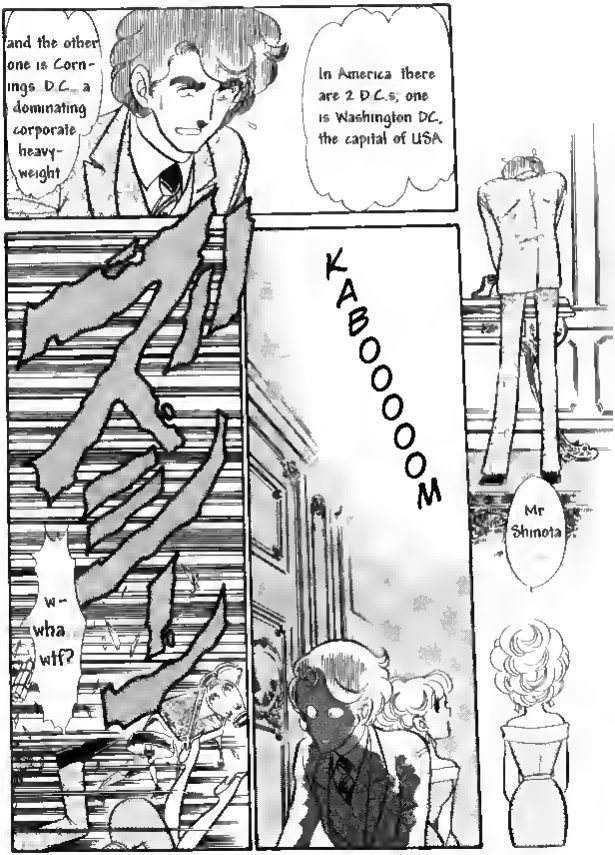
around the Arabian oil field #1182 and #1183 !!
heh, yeah, and I am going to use the shallow knowledge of mine to start oil mining
Our fields are inter-connected, and also ours are a bit lower
Wait a minute, isn't field #1182 and #1183 around my oil rigs
WHAT DID YOU SAY !?!?
GRRR rrrr
We've start mining oil already I guess by now both of your fields would have nothing left!

You— Who the hell are you!?
WIFI?
um— Boss there hasn't been a drop of oil since an hour ago—
Call our department in Arabia to confirm it!
But then— You still cancelled the contract with Bahamas!
heh— Didn't I say it before— If it ended on that day, it would've been better
This is the best way to deal with fools who think that money can solve anything

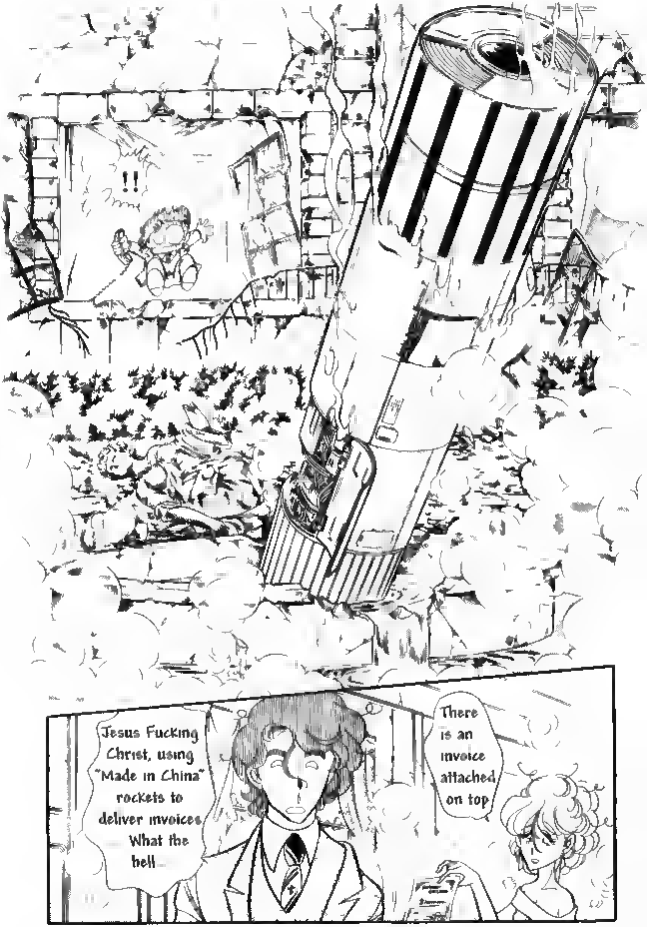
I'll buy it I'll Buy it!
How much ?
I was thinking of asking other oil companies ... but since we've know each other, I'll ask you first ...
But then ... We can still negotiate. I wanted to sell oil fields #1182 and #1183 ...
$100 billion USD!
Holy @*&& ... Too much !! how about 65 billion?
a...al alright! fine! I'll pay your price!
I see then let me ask Dakar Oil Co.



Alright, who exactly are you??
Cleopatra Corninge You've heard that name before, am I correct?
—some prefer to call me Cleopatra D C
what?
Oh— so you are Cleopatra D C—



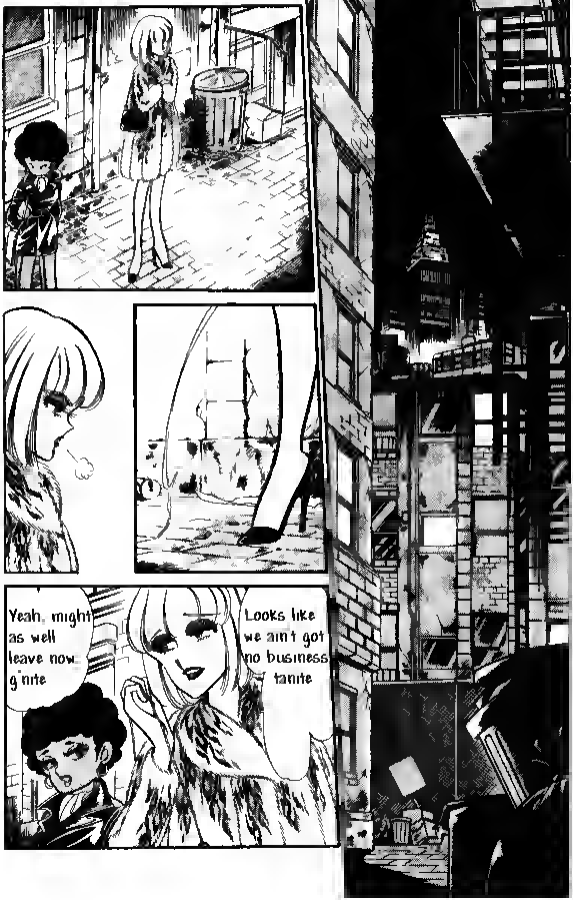
and the other one is Cornings D.C., a dominating corporate heavyweight
In America there are 2 D.C.s; one is Washington DC, the capital of USA
KABOOOOOM
Mr Shinota
w-wha wtf?



!!
Jesus Fucking Christ, using "Made in China" rockets to deliver invoices. What the hell...
There is an invoice attached on top

We are now responsible for oil tanker rentals, and already earned 20 billion!
Alright, Bahamas is back up and running!
Whaaat!? Chinese rockets are that expensive!?
eh?
Cleo...this
All the expenses on the submarine should be paid by now—
um... Miss Cleopatra
Heh
Pfft. I didn't earn anything after all

FORTUNE 2
MIDNIGHT MURDER

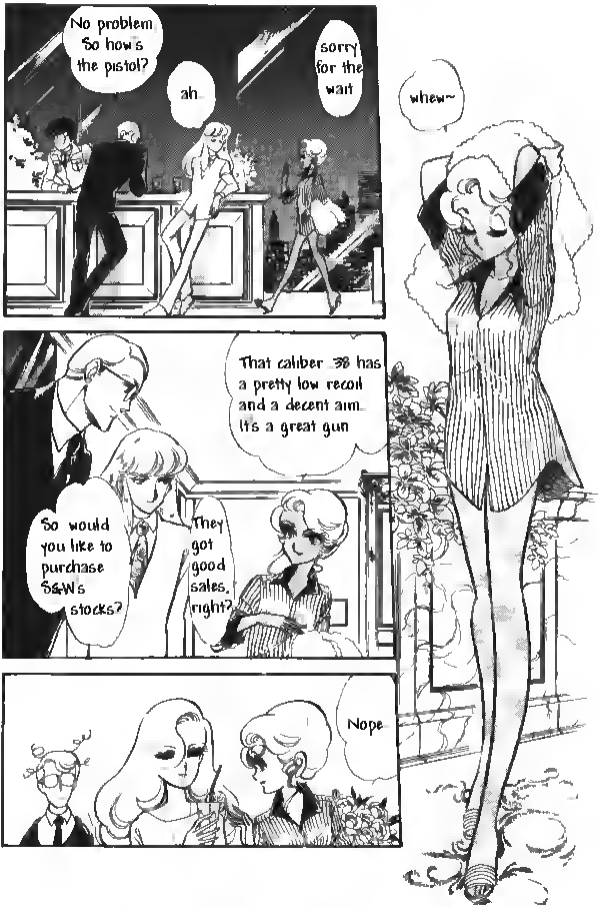


Looks like we ain't got no business tanite
Yeah, might as well leave now. g'nite

Man it's freezin out here... just a mink coat does NOT help to keep me warm enuf...
hmm?

SHOOTING ROOM
Bull's eye
All of them!
That's better than a lot of skilled gunner

target
BANG!!BANG!!

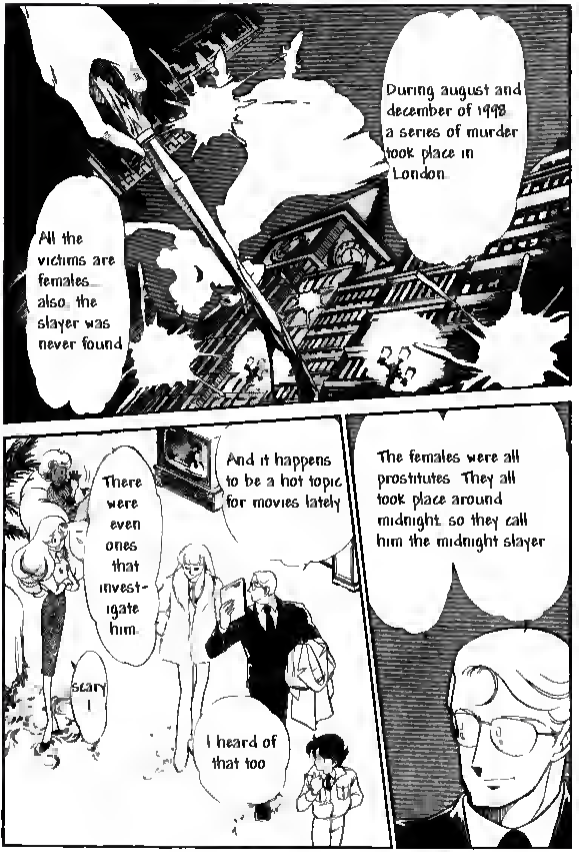


No problem. So how's the pistol?
ah...
sorry for the wait
whew~
That caliber .38 has a pretty low recoil and a decent aim. It's a great gun
So would you like to purchase S&W's stocks?
They got good sales, right?
Nope

Uh-huh, but these guns are in great demand for ordinaries and criminals too
Didn't you say that the sales are good??
To organize a crime, first step is to somehow manage to get firearms as well
As a girl who'd lived in the slums, self-defense is actually a serious issue
Oh, and not to mention those teenagers who'd love to get a pistol just to "protect themselves"

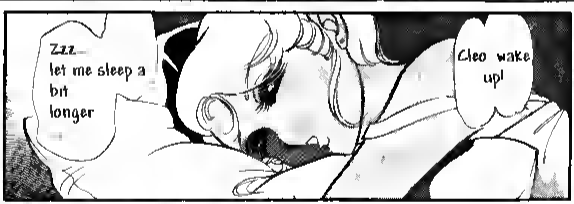
Sorry about the disagreement
Forget it Haris
We should follow what she said, not to purchase STW's stocks
Nah, we would never oppose what you had decided
Yeah I guess
I agree with what Cleo just said.
Before you sleep please finish reading these contracts
ok
Ah. Another report about the mid-night slayer
She's the third victim this week

...is a 28-year-old prostitute, Betty Spencer, on 15th street...
Yeah, all the residential houses were demolished for constructing it...
15th street... isn't that the location for the new convention center?
slayer?
There are a lot of these cases lately
Sylvie, there was a slayer before?
Eric, stop scaring Cleo!
Scary! a slayer... Manhattan's going to be like London!



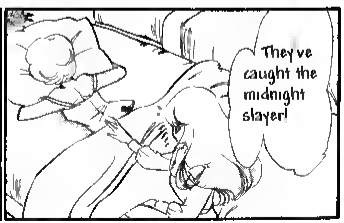
During august and december of 1998 a series of murder took place in London
All the victims are females... also, the slayer was never found
The females were all prostitutes. They all took place around midnight, so they call him the midnight slayer
And it happens to be a hot topic for movies lately
There were even ones that investigate him.
scary !
I heard of that too

Yeah, another season passed
It sure is windy tonight
.....
After listening to all those... I guess you won't be comfortable by yourself
really?
I'll sleep here tonight
Aww... so sweet :)

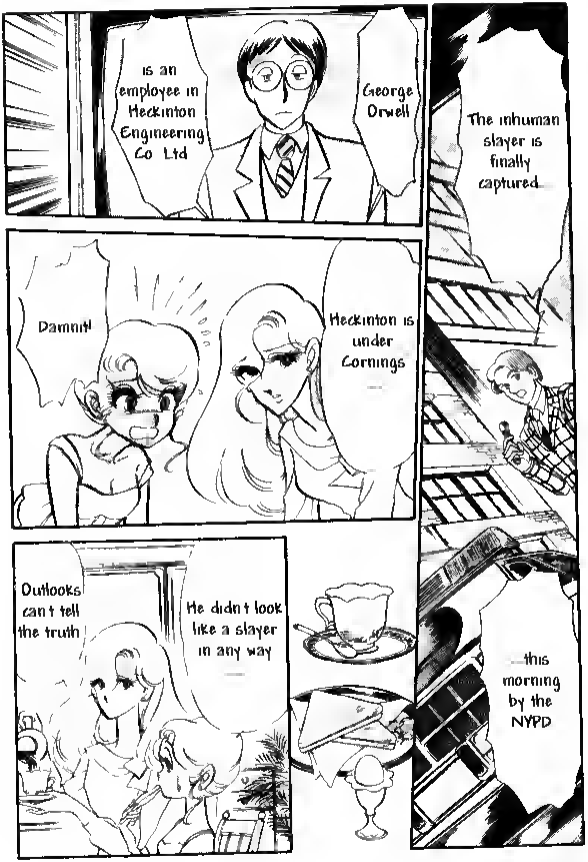


Zzz...
let me sleep a bit longer
Cleo wake up!

!!
He's one of our employees



They've caught the midnight slayer!



George Orwell
is an employee in Heckinton Engineering Co Ltd
The inhuman slayer is finally captured
this morning by the NYPD
Heckinton is under Cornings
Damnit
He didn't look like a slayer in any way
Outlooks can't tell the truth

I AM NOT THE SLAYER !!!
NOT ME !!!
Every criminal says that... like I'd believe you or soemthing pfft
What evidence do you have?
Yesterday he was found at 200 yards away from the victim holding a katana dripping fresh blood
It's not mine! I picked it up!
Hm...

there is a long deep cut starting from the throat right down to the chest
Betty Spencer was found wearing only a Mink Jacket
There is also a loose button found around the victim's body which is his
No 1
The blood on the katana that the suspect holds matches the bloodtype of the victim
The main cause of death is loss of blood
He was too drunk to prove himself not at the scene when the murder took place

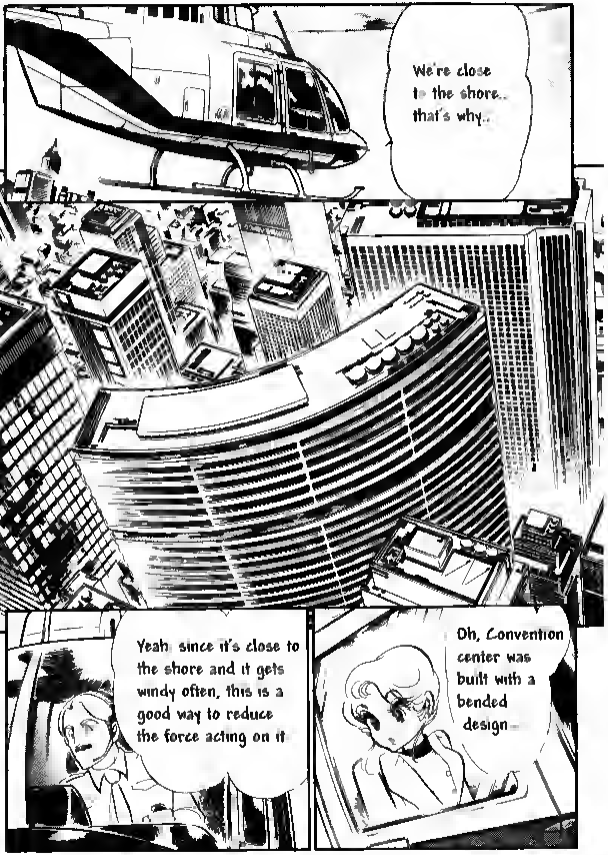
?
Yep, it's NOT him!
There is not a definite proof for now...
So he is the slayer?
That does not sound good
I'll find out who's the real slayer!
I've never been a prostitute
how'd I know it?
Don't you get it? A prostitute that had been working for such long time should be able to figure out if someone is acting weird!
Sylvie, would you ever show your naked body to a weird-looking geek ???
She didn't wear anything just get more business going
and so?
Don't you think it's weird? That victim started her life of being a prostitute at the age of sixteen

Cleo!
She's cheap and she has good service too! a lot of people likes her!
When I was living in the slums, I knew a prostitute named Mary
But hey there are actually advantages tho
People said that he's a pimp, but he treats me very well so I wouldn't mind continuing this job
Al-thought she dislikes the job
That's why you've never got yourself a good man
Feh
After working for a while, you get to know men that is good or bad!

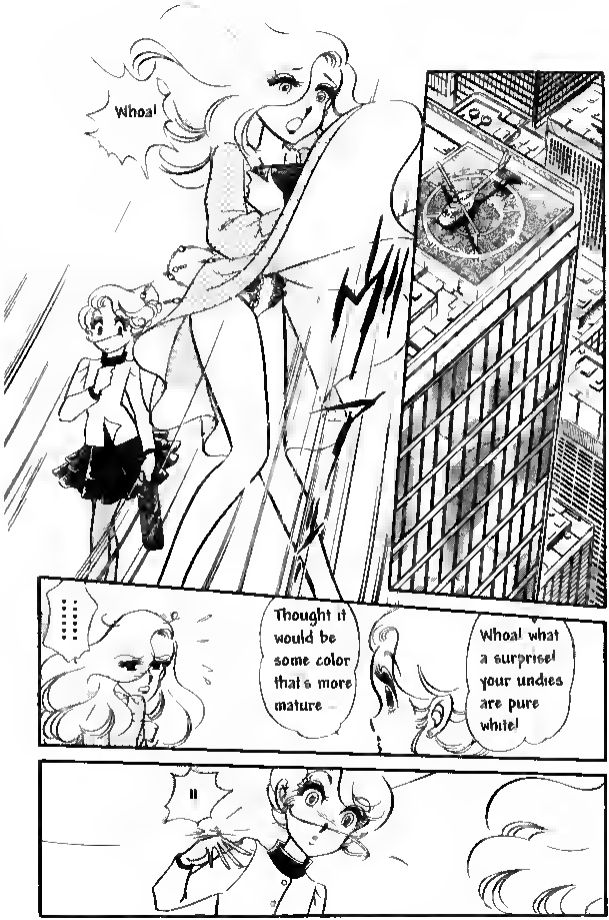
NO WAY!
OK, I'll act as a prostitute !!
We already prepared a lawsuit and a good lawyer for him, so he would be fine anyway!
That's not a thing that the CEO of Cornings should butt in!
natsu ki!
From what I've observed, Geroge is definitely not the slayer!
Even though he might be released, what will they think of him if the real slayer is not found?
What about his family and friends?

So you think you can just fool around and be detective conan coz you're full of dough?
I'm leaving !
bullshit!
Natsuki you BAKA!
feh short tempered guy
Yeah just like a kiddie, heh
Shut up! both of you!
Cleopatra Cornings I deny your request!
ok
When she says my full name I know that she's really mad

We have to attend W&B's ball at 6:00 tonight.
Follow by that will be the Mayor's birthday party. 8:00 are you listening?
Yeah
All balls and parties
Is there anything new?
Sorry it's pretty windy today
-whoa!



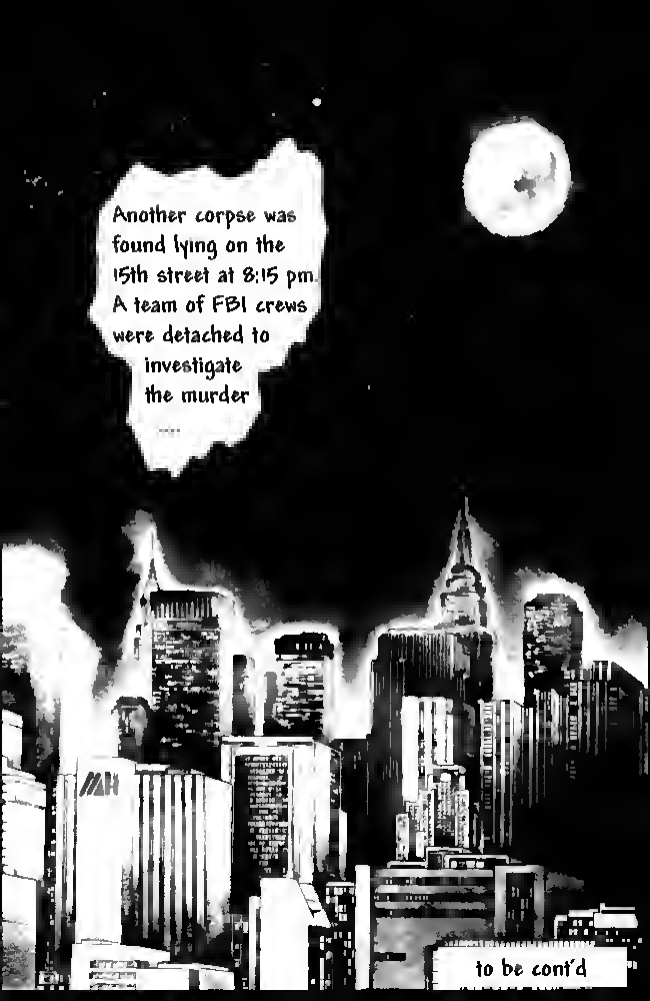
We're close to the shore.. that's why..
Yeah, since it's close to the shore and it gets windy often, this is a good way to reduce the force acting on it
Oh, Convention center was built with a bended design



Whoa!
!!!!!
Thought it would be some color that's more mature...
Whoa! what a surprise! your undies are pure white!
!!

I think I've hit something.
what's wrong?
Come on let's go, or you want to show off your panties too?
After the bleeding stops, put a band-aid on... then you can wear a pair of gloves tonite to cover that up
It's nothing
Oh you're bleeding
Geez ..

whoa !!!
Another girl's killed !!



Another corpse was found lying on the 15th street at 8:15 pm. A team of FBI crews were detached to investigate the murder ....
to be cont'd
